**Notes from the Pastor**

**Liturgically** we have reached the end of our church year. The feast of Christ the King is the last Sunday prior to the First Sunday of Advent, and that is the beginning of a new church year. Why do we end and begin our church year at such an odd time? It all has to do with Christmas. December 25<sup>th</sup> was set up as the day when we would celebrate Christ's birth into the world because in the Northern Hemisphere this is relatively close to the Winter Solstice. The winter Solstice is the day when the sun is at its southernmost point on the horizon and thus it is the day when we have the least amount of sunlight during the day. From this point on it will appear the sun is moving back northward on the horizon and our daylight will increase. Early on the church wanted to use this to make a point. Darkness is threatening to cover the land, but the Light of the World, Jesus Christ, is born and Light begins to push back the darkness. That accounts for Christmas. The Church believed there needed to be a period of preparation time for the Feast of Christmas. A time to fast and pray in recognition that our sinfulness is what made it necessary for Christ to be born into the world in the first place. It started out fairly short, only several days, but over time more days were added, at one time as much as six weeks were observed. St. Gregory the Great in the late 500's defined that the 4 Sundays prior to Christmas would be the set period of time for preparation. Some years, like this year the 4<sup>th</sup> Sunday of Advent also happens to be Christmas Eve thus we have 4 Sundays of Advent but essentially only three weeks of advent.

Peace and Prayers, Fr. Kevin
