NOTES FROM THE PASTOR:
I thought I would give another update about the building project. So far things are still moving forward as planned. This Thursday we are having a meeting with the contractors who plan to bid on the project as the General Contractors. The meeting was going to be onsite, but with the whole coronavirus situation it has been changed to a conference call meeting. These contractors have had the drawings available to them for a couple weeks now and this meeting will allow them to ask any questions they might have before they actually start contacting sub-contractors and putting their bid package together. The contractors were also given the opportunity to call me and schedule a walkthrough of the church so they could see up close the site they would potentially be working on. I have had a couple of the contractors take me up on that offer and both were very pleasant and appreciative of my time.

I had planned to put another bulletin insert together explaining in more detail what will happen with certain sections of the gathering space area. Unfortunately the whole situation with canceling Masses kind of derailed those plans. I have decided thought that I can still probably put something together and put it on the website. I will try to get that done for next week.

Peace & Prayers: Fr. Kevin
